TOTALIZATOR FOR HAMILTON

MUTUELS WILL BE INSTALLED AT CANADIAN COURSE NEXT SEASON.

A. R. Loudon Announces That He and His Associates Have Acquired Control of Track and That a New Mutuel System Will Be Used.

Toronto, Ont., April 14.—The report that the firm of Smith & Colby of Chicago had obtained control of the Hamilton Jockey Club shares that were held by Judge Monck is given a specific denial by A. R. Loudon, the former secretary of the club. He declares that the stock was bought by himself and H. J. McIntyre, another director and that no offer was made by the Chicago firm. He denied also that Smith & Colby had secured the ring privileges for this season, though Mr. Smith has made several visits to Hamilton with that in view.

Next year there will be no booking at Hamilton, said Mr. Loudon, but the mutuel system will be installed with machines of the latest pattern and of a type superior to anything yet seen in America. The new outfit will include a central totalizer, showing continuously the amount of the investments on each horse and thus indicating the probable odds at a glance.

It is understood that Mr. Loudon will resume his post as secretary, in addition to occupying a place on the directorate. The withdrawal of Judge Monck is said to be due to his unwillingness to any longer have to carry the difficulties of the factional troubles in the club which has had several sensational changes on its board in the last few years.

LIVINGSTON STRING REACHES LEXINGTON.

Herman Brandt in Charge of Fifteen of Chicagoan's Big Stable. Blue Grass Training Notes.

Lexington, Ky., April 14.—Fifteen of Jefferson Livingston's racers in charge of trainer Herman R. Brandt arrived at the Kentucky Association course this morning from Louisville. Neylon's mother and brother are here.

John W. Schorr, Malcolm MacFarlan, Eddie Dellinger and W. E. Phillips formed a party at the track this morning, they having come over from Louisville to see about having stalls prepared for twelve of the Schorr horses which are to be sent here next Tuesday.

SARATOGA STAKES READY FOR ENTRIES.

Saratoga racing occurs annually at a time when western horses have little or nothing to do in the way of racing at home, one result being that the Saratoga track is traditionally the one place in the country where the crack horses of the east and the west meet to measure strides. On this account it is considered almost as much a western as an eastern track and a place of pleasant reunions and renewals of acquaintanceships and friendships. Moreover, there is always good money to be won there, as a list of twenty-four stake races now offered by the Saratoga Association for the improvement of the breed of horses, attests. This is in addition to a number of rich events already closed. The list now on offer will close for entries at midnight of Monday, April 26, and embraces seven events for three-year-olds and over, six for three-year-olds, seven for two-year-olds, and four for the jumpers, such time-honored races as the Saratoga Handicap, Saratoga Cup, Merchants and Citizens' Handicap, Travers Stakes, Saratoga Stakes and Flash Stakes, appearing along with others equally popular, but of more recent foundation. The list is printed elsewhere in this issue of Daily Racing Form, with the suggestion that it contains all that could be asked for in the way of inducements to owners to make liberal nominations.

MORE ARRIVALS AT HAVRE DE GRACE

Havre de Grace, Md., April 14.—Shipments of horses have been coming in for the meeting which opens tomorrow. James Fitzsimon shipped 27 head from New York yesterday. W. T. Anderson and John Whalen also sent in their strings. Fitzsimon has seven two-year-olds in his string, the property of the Quincey stable. They are: b. c. Navigator, by Star Shoot-Ethel Lee; b. c. Success, by Waterboy-Enterprise; ch. c. Sky Pilot, by Star Shoot-Francis Hindoo; ch. f. Bonnie Tess, by Star Shoot-Last Cherry; br. f. Tattleale, by Ogden-Love Note; ch. c. Wayfarer, by Ogden-Miss Angie, and b. f. Ocean Wave, by Migraine-Ocean Tide.

R. O. Miller came with seven from Gravesend including Orotund, High Tide, Lights Out, Beverly James, Rae B. and a three-year-old colt by Sand-rusham-Mashmallow. Rae B. is an imported French filly by avaland-Potomac. She is rather small in stature, and will not fare the starter until the New York season is well advanced.

Three of the R. E. Watkins horses that wintered at Sheephead Bay, joined that horseman's stable here. The trio consisted of Cliff Edge, Barnegat and a two-year-old.

RECORD IN RACING OF LAST YEAR'S METROPOLITAN HANDICAP WINNER

As winner of the Metropolitan Handicap and other good races in 1914, Buskin maintained and added to the good reputation he had already acquired in two previous years of racing. A stake race winner as a two-year-old, three-year-old and four-year-old, he is a good handicap horse, although not equal to figuring in the topweight division of that class of horses. He is speedy and a stayer, but at equal weight and in good racing form, would have scant chance against such as Rock View, Borrow and Roamer. With weight concessions in his favor he is a dangerous antagonist to any horse. His natural endowment with speed is illustrated by the fact that in winning the Metropolitan Handicap he ran its distance of a mile in 1:37.4. In its twenty-three years of running this famous race had only once before been won in as fast time. This was when the four-year-old Fashion Plate won the event in 1910 in the same time with 105 pounds up. Of the two Buskin's was the better performance for the reason that he carried nine pounds more weight.

As a two-year-old in 1912 Buskin took part in thirteen races, of which he won five. He was one of a band bred by H. P. Whitney and turned over to Albert Simons for training and to be sold as buyers might turn up. It thus befell him that while his first start was in Mr. Whitney's name his second was as the property of C. H. Robbins and his third in the ownership of John Whalen, and for whom he proved a profitable purchase. His first start was in a purse race of five-eighths of a mile at Pimlico, May 6, in which he ran unplaced to Horron, Spring Maid and Hot Water. May 10 he ran second to Spring Maid, beaten a neck in 1:32.4, at the same distance. He was then sold to Whalen and lost in three races for him before scoring his maiden victory. This occurred at Montreal, June 8, in a dash of five-eighths, in which, carrying 100 pounds, he won easily from Brawny, 111; Rock View, 118, and six others. Even though greatly favored in the weights, it was no slight thing to defeat two such cracks as Brawny and Rock View, so Buskin advanced in public esteem. He won his next race also, a sprint of five and a half furlongs, at Fort Erie, July 4, in which he defeated Monocacy, Tartar and Burnt Candle and won easily in 1:07.5, with Monocacy second and the 9 to 20 favorite, Tartar, third. After that he seemed to train off and was unplaced in three races. But late in the fall he was in good form again and won his last three races. November 7, at Pimlico, over a sloppy track, with 109 pounds up, he won at three-quarters of a mile in 1:14.4 from Tarts, 107; Abdon, 97; Hobnob and Virile, 110 each; Flying Fairy and Phyllis Antoinette, 107 each, and Monmouth, 97. He was at 15 to 1 and Tarts was 7 to 5. At Jamestown, November 16, he won the Fairfax Hotel Handicap, paid, carrying 108 pounds, defeated Nash Cash, 95; Tartar, 116; Scallywag, 101; Barnegat and Rosturium, 105; His Majesty, 108; Pankhurst, 116, and Battery, 97, at three-quarters of a mile in 1:13.2. His next and last race of the year was better still for, besides beating one of his own age in L'Aiglon carrying 90 pounds, he took up 102 pounds and won at the same distance in 1:12.2 from such excellent older racers as Cough Hill, 124 pounds; Prince Ahmed, 108; Grover Hughes, 118; Bessie, 115, and Royal Tea, 101.

Buskin began his career as a three-year-old by running second to Ten Point in the Belair Handicap, at Havre de Grace, April 22. The distance was three-quarters of a mile and Ten Point won by two lengths in 1:13. Frederick L. was third and Caught Hill, Grover Hughes and Lochiel ran unplaced. He carried 102 pounds to 108 on Ten Point. At the same track, May 1, he again finished second to Ten Point. This was in the Susquehanna Handicap, at a mile and seventy yards. This time Ten Point carried 117 pounds to his 102 and only defeated him by a half length in a punishing finish. John Furlong, 124 pounds, was third, and Lochiel, 105; Adams Express, 126; Flabbergast, 102, and Mission, 107, ran unplaced. It was a fast race, the first mile being covered in 1:38.2 and the full distance in 1:43. May 5, at Pimlico, he won a purse at a mile in 1:39.4 from Dr. Duener, Pandorina, Mediator, Tartar, Kornak and St. Joseph, but on May 10 could only finish third to Rock View and Lochiel at a mile in 1:40.5, eight others finishing behind him. He redeemed himself May 20 by winning the Preakness Handicap, for three-year-olds at a mile and an eighth. In this he was given 117 pounds, the other starters, weights and order of finishing being Kleburne, 111 pounds; Barnegat, 104; Scallywag, 106; Cadeau, 108; Cogs, 109; Flabbergast, 108, and Lohengrin, 106. He only won from Kleburne by a neck in 1:52.2, but Kleburne's subsequent racing showed that it was a highly meritorious performance at the weights. Then he was taken to Toronto and, in a mile purse race, May 27, ran third to Horron and Flabbergast in 1:40.4, but had stumbled and gone to his knees in the race and did well in finishing where he did. In the Toronto Cup, at a mile and an eighth, Horron gave him six pounds and beat him by a length in 1:52.2, but he finished in front of Plate Glass, Lochiel, Cliff Edge, John Furlong, First Sight and Ymir. At Windsor, June 3, he again ran second to Horron. This was in the Windsor Hotel Cup, at a mile and an eighth, run in 1:54. Horron carried 115 pounds to his 110 and won by two lengths. Mediator was the only other starter. The fact is that Horron was the better race horse of the two and, for all any one knows to the contrary, he may have been the best three-year-old of 1913. At any rate, he won all of his races like a high-class one.

When it came to the running of the Hamilton Derby at Hamilton, June 25, Buskin did not have Horron to contend with, A. Turney concluding he could beat him with Kleburne. In this assumption he proved to be badly mistaken. The distance was a mile and a quarter and the three starters were Buskin, 119 pounds; Kleburne, 122, and First Sight, 115. Kleburne made the pace a hot one, but Buskin went at him in the stretch and, passing him swiftly, won in a canter by three lengths in 2:05.5. At the same track, July 1, Kingly, carrying 95 pounds to his 119, defeated him by a neck at a mile and an eighth in such fast time as 1:51.4, with Kleburne, 105, third. Frolegs, 125, and John Furlong, 105, ran unplaced. Then he went over to Fort Erie and won the Canadian Derby. He only had First Sight and Barnegat to beat and it was easy for him. He was a 1 to 2 favorite and won under restraint from First Sight by two and a half lengths in 2:08.4. At Windsor, July 16, he ran third to First Sight and Hamilton in the Frontier Handicap, at a mile and an eighth, run in 1:51.4, and was unplaced in his next two races. At Saratoga, August 15, he won a purse at a mile and an eighth in 1:51.4, with 112 pounds up, Star Gaze, with 88, finishing second, and Colonel Holloway, with 93, third. Then he was beaten in six consecutive races before he won again in his last race of the year. This was in the Bowie Stakes of two miles, at Pimlico, November 12. He carried 110 pounds and, running the distance in 3:29.4, won by a nose from Barnegat, 105 pounds; Star Gaze, 105, was third, and the unplaced ones were Top Hat, 101; Pandorina, 105; Cadeau, 101; Ringling, 105; Flying Fairy, 121, and Brynmah, 97.

Buskin was not raced again until the Belmont Park fall meeting came on and was twice beaten there. Then he was taken to Havre de Grace and there, on September 26, won a purse at a mile and seventy yards in 1:44, with 118 pounds up, in which he defeated Amalfi, 102 pounds; Harry Shaw, 96; Robert Bradley, 111, and four more. Two defeats followed, but at Laurel, October 15, he won a handicap at a mile and an eighth, in which he carried 119 pounds, and defeated G. M. Miller, 103 pounds; Pandean, 107; Holiday, 98, and Ivan Gardner, 93, covering the distance in 1:52.2, but only winning by a neck in a sharp tussle with G. M. Miller. He raced four times after that without success and his record and pedigree are:

VALUE OF BRITISH RACE STAKE CUT.

London, Eng., April 14.—The Chester race committee has reduced the value of the Chester Cup Stakes for this season from \$10,000 to \$5,000.

Three days of racing will take place as usual in accordance with the resolution of the Jockey Club, but anticipating a much smaller attendance at this year's meeting owing to the war, the committee decided to make the reduction.

BOWIE MEETING AT AN END

PATRONAGE ON CLOSING DAY SETS A NEW RECORD FOR THE SEASON.

Getaway Day Is Marked by Formful Results—Meeting Has Been Financially Successful—Scene Shifts to Havre de Grace Today.

Baltimore, Md., April 14.—Getaway day at Bowie was marked by seven keenly contested races, for the running of which the largest crowd of the season journeyed to the course. Despite the heavy shipments to Havre de Grace, fair-sized fields faced the starter, although class was lacking. The feature event of the day, the Potomac selling Handicap, a dash of one mile, was won by E. McBride's Squeeler over Yodeling and Little England. Johnny McTaggart rushed the winner to the front and, outrunning his company to the first turn, he was rated along in front for the remainder of the trip. Yodeling, a consistent performer at this course, might have made the outcome different if Ambrose had chosen to send him the front instead of placing him and trying to come from behind. He closed with splendid courage, disposing of Little England after the latter had swung wide in entering the stretch for the run home.

Three favorites scored, the winning choices being Anavri, Squeeler and Rolling Stone. Phil Ungar created some surprise when he scurried home in front of the other two-year-olds in the opening dash. Cincinnati, the well-backed choice, propped when the gate was sprung. Castara was another outsider to score. The victory of Brandywine was not a profitable one to owner Wilkinson, as he was bid up to \$695, an advance of \$290, at which figure he was retained. A stranger was responsible for the bidding.

Jockey Tommy McTaggart, who was charged by E. Utterback yesterday with having been responsible for the defeat of Cockspur on April 8, was exonerated this morning by the stewards of any wrongdoing. McTaggart will resume riding tomorrow at Havre de Grace. Cockspur is one of the most unreliable racing tools on the turf today, which was proved before Mr. Utterback came into possession of him and the defeat was laid to the horse. Mr. Utterback was reprimanded by the stewards for making the frivolous charge.

Word was received from Havana today that Senor Alvarez will arrive here in time for the Pimlico meeting and purchase a string of nine high-class racers to campaign over the New York tracks this season.

Algernon Dalingerfield, of the Jockey Club, was among the visitors today, being busy in issuing licenses for the Havre de Grace meeting to newcomers.

Sam Nesbitt, of Montreal, was also a visitor. Joseph McLennan departs for his home in Chicago this evening for a short rest.

John Powers has been secured by Owen Perry and John Morris to train the string of which Harry Shaw is the nucleus. The stable will race over the metropolitan courses this season.

Martin Foley came in from Toledo and was busy greeting old friends about the paddock during the day.

The Bowie meeting was in all probability a bigger financial success than its promoters expected, the races on the whole were well contested, even if the quality of the horses was a bit under the standard hoped for. On some days the programs were light this in a measure being due to the fact that there has been an epidemic of influenza among the horses quartered at the course and though there were no serious results the meeting was sadly depleted.

Recent workouts of horses in training at Bowie were as follows:

Ancon—Three-quarters in 1:19.
Caladonian—One-half in 52.
Cliff House—Seven-eighths in 1:34.4.
Colonel—One-half in 50.5.

BELMONT HORSES NOT YET READY.

New York, April 14.—August Belmont has decided not to ship any of his racers to Maryland for the Havre de Grace meeting and it is doubtful if the colors of the chairman of the Jockey Club will be seen before the meeting at Belmont Park.

S. C. Hildreth, who has charge of the Belmont racers, said yesterday that he did not care to hurry his charges and thought that all should be ready by the latter part of May. "I sent the majority of the horses to the races early last spring," Hildreth continued, "and when the fall meetings in Maryland came around, the only one that came through unscathed and in good racing condition was Flittergold. The New York season will be a long one and will give me plenty of opportunities. I do not see how I can get Mr. Belmont's horses ready much before then."

Hildreth has eighteen thoroughbreds under his care at Sheephead Bay and among this number is Mission, a five-year-old mare that proved herself a good jumper last year. She captured the Sportsmen's and International Steeplechase Handicaps, but unfortunately wrenched herself after making a bad landing in the Whitney Memorial Steeplechase at Piping Rock. This caused her to be thrown out of training, but she is in good shape again, and will race through the field this year.

QUINCY STABLE ON THE WAY WEST.

New York, April 14.—The division of the Quincy stable that is destined to take part in the Kentucky meetings left for the West today in charge of Trainer Steven Lawler. This shipment included Troian, the Futurity winner of last year, and Double Easter, both of which will probably bear the Quincy stable colors in the Kentucky Derby. Lawler wired James P. Ross, superintendent of the Kentucky Association course, to have a twelve-stall stable ready for the string.

GENERAL NEWS NOTES OF THE DAY.

London hears that two gateways into Hungary remain barred despite the tremendous hammering by the Russian forces, and as the Beskid pass is the less important of the two strategically, a further advance into Hungary hangs on the possession of the Uzsok pass, where the invaders are meeting with the most stubborn resistance. Several days ago the Russians captured a position which gave them command of a road leading to the rear of Uzsok pass, but since then the Teutonic allies have checked the movement in this direction. Petrograd asserts that after desperate encounters the heights near the villages of Bukovitz, Beneff, and Vysokozny were captured by the Muscovites. Vienna takes issue with this statement by declaring that the Russian attacks in the vicinity of Uzsok pass, which is considered to be of the greatest strategic importance as an outlet to the plains of Hungary, were repulsed with heavy losses. Likewise in Vienna at variance with Petrograd's claim that advances have been made by the Russians on both banks of the Danube river and on several of the heights east of Telepach, for Vienna asserts that elsewhere in the Carpathian region than the Uzsok pass sector the situation is unchanged. The reports that collisions between the Russians and the invaders are becoming more frequent would indicate seemingly that another great battle in this territory is not far distant.

Conferences between the representatives of China and Japan were resumed, but there was no break in the deadlock which has arisen. The Chinese government declines to recede from the position it has assumed, notwithstanding the fact that the Japanese minister, Eki Hiroki, threatened today to discontinue the negotiations. The Chinese foreign minister, Ly-Chen-Hsiang, refused to discuss question V. of the Japanese demands. This group relates to a number of the most important demands made by Japan, including the employment of Japanese political, financial, and military advisers and Japanese police; Japanese supervision of the manufacture or purchase of China's war munitions and rights for railway, telegraph, and postal lines; and the endeavor to draw the Chinese representative into a discussion of article V. of this group, which has to do with the concession to Japan of rights for the construction of railroads. He intimated that China would not agree to the proposed railway concessions and had not given similar rights to Japan. He again urged China to grant the concession demanded and permit Japan to take up subsequently with Great Britain any question which might arise in respect of encroachment on British railway interests.

Great Britain, France, and Russia are unwilling to end the war until Austria and Hungary are definitely and officially sued for peace. This is the answer of the allies to the statement of the peace terms Germany will consider which was made known unofficially to the United States government last week. The British cabinet, which the allies contemplate demanding of Germany and Austria comprises: Evacuation of Belgium and restoration thereto of complete sovereignty. Payment to Belgium of an indemnity to compensate that nation for the losses and damage caused by the German invasion. Cession by Germany of Alsace and Lorraine to France and the payment of an indemnity for the invasion of French territory. Cession to Russia of German Poland, Galicia, and possibly additional Austrian territory. Cession to Serbia of Bosnia and Herzegovina. Division of the German colonies in Africa among the allies.

Two allied warships were severely damaged by fire from the Turkish forts in the bombardment of the Dardanelles on Monday, according to dispatches from Constantinople. A British cruiser, the Turkish war office announced, was hit by several shells and sank at the mouth of the Bosphorus. The admiral has issued no statement regarding the bombardment. The official statement from Constantinople and unofficial reports from Sofia and the Island of Tenedos indicate that the attack was resented on a larger scale than has been developed since the sinking of the British ships on March 18. The Turkish war office announced that several enemy ships entered the strait and participated in the bombardment. The attack was entirely unsuccessful, according to the Turks, the land batteries forcing the retirement of the fleet early in the evening.

Tension between Austria and Italy was increased by receipt of a dispatch from Milan announcing that the Italian ship Irene has been sunk by an Austrian destroyer in the Adriatic while carrying a cargo of food to the Montenegrins. The Italian foreign office has ordered an investigation of the incident. If it determines that the Austrians were unjustified a demand for reparation and an explanation will be made at Vienna. The Milan dispatch states that the Irene, a sailing vessel, was attacked and sunk at the mouth of the Bosphorus, the navigable outlet of the Lake of Scutari. Her crew was rescued and landed on the Albanian coast.

An important step toward the solution of the problem for a national output of munitions of war has been taken by the British government, according to the London Times, in the appointment of a strong committee of which David Lloyd-George, chancellor of the exchequer, is chairman. The committee will represent the treasury, the admiralty, the war office and the board of trade in organizing the entire resources of the nation in the desired direction.

The British Official Gazette announces a departure from the usual business of the admiralty. Instead of treasury bills being issued from time to time by tender, as previously was the case, there will be an unlimited issue of such bills. In the opinion of bankers, the new operation will provide the government with all necessary resources for a considerable period and obviate the necessity for another war loan for some time.

Lemberg sends news that in a desperate attack by the Russians on the right flank of the Austrian position at Mezo Laborez, on the Hungarian side of the east Beskid mountains, a part of the Carpathians about fifty miles south of Przemyśl, the Austrians were forced after a twelve-hour battle to make precipitate retreat. The whole main crest in this district, which the Austrians considered impregnable, is in Russian hands it is claimed.

The Russian right wing in the Carpathians has advanced ten miles in the last few days of fighting and is now in position to strike at the railway leading south through the Lupkow pass, Petrograd claims. In the north the Germans are pressing nearer the Russian positions in Poland, particularly north of the Vistula. At nearly every sector of the 800-mile battle front the armies are in conflict.

The government war risk insurance bureau at Washington has just paid its first claim for losses due to the European war. A treasury warrant for \$401,000 was drawn in favor of Harris-Irby & Vose of New York, owners of the American steamer Ogden, which was sunk off the coast of Holland, supposedly by a mine, on February 20. The Ogden was the first American ship lost during the war.

Spain has suspended until further notice the import duty and transportation tax on coal, which in case of American coal amounted to \$1.06 a ton, according to a cablegram from Ambassador Willard. Mr. Willard reported that the director general of the Spanish customs department had requested quotations for coal shipped from the United States to Spain.

The London Evening Chronicle, which is in close touch with the British cabinet, says the government is considering a plan for complete state control of the wholesale and retail trade in the domestic supply of alcohol. The plan, the paper adds, involves a state monopoly in the manufacture and sale of alcoholic liquors.

The following statement was issued at Vienna yesterday: "In general the situation is unchanged. Artillery duels were common in the Carpathians. Northward of Uzsok pass the entire position occupied by the Russians was attacked and conquered by the Nineteenth and Twenty-sixth Hungarian infantry regiments."

Regulations have been adopted by the German federal council to insure a supply of potatoes for the spring and summer. An imperial committee under control of the chancellor has been appointed to conserve the supply and see that it is equalized in various parts of the empire.

The French government has removed the extra tax of 5 per cent levied on theatrical receipts at the beginning of the war. When the theaters are allowed to reopen the tax will be replaced by a charity matinee to be given by each theater each month.

The losses to the French armies in the present war up to February 15, estimated unofficially, are: Killed in action, 150,000; wounded, 245,000; Prisoners, 300,000; disabled, 25,000; permanently disabled, 30,000.

A dispatch to the London Post from Amsterdam says that the Dutch government has ordered a number of reinforcements to the frontier between Thionville and Metz as they fear a French advance on Metz.

"After prolonged negotiations," says the London Daily Mail's Rome correspondent, "Italy has agreed with the entente powers to support Serbia's claims to the Adriatic coast."

It has been decided by the master bakers of London to advance the price of their bread beginning next Monday, to 17 cents a quarter loaf. A quarter loaf is about four pounds.

Austrian artillery again has bombarded Belgrade, it was announced at Nish. A gunboat in

the Danube co-operated with the Austrian shore batteries.

A fatal accident in a coal mine near Shimonoeki, in Japan, has resulted in the loss of 236 lives, according to information received in Tokio.

In an interview with a New York reporter Victoriano Huerta, former president of Mexico, is quoted as saying he will return to Mexico.

The British government has decided against placing cotton on the contraband list.

NOTES OF THE TURF FROM OTHER LANDS.

T. Cannon, Sr., is retiring from training, and will shortly leave Stockbridge for Hove, where he intends living in the future.

R. Wootton, the trainer, is on his return journey to England, and expects to arrive there from Australia about the 20th of this month.

Lady Nelson, whose Ally Sloper won the Grand National Steeplechase, has decided to give one-fourth of the stakes to one of the funds for soldiers and sailors.

The majority of layers having double-event books on the Lincolnshire Handicap and Grand National lost, a lot of people compiling View Law and Ally Sloper in doubles before the latter was beaten at Newbury.

W. Huxley still keeps a serviceable weight, but as the Wantage horses are backward he did not have many mounts last month. After this season Huxley goes to Australia, where he has received a remunerative retainer from Mr. Fox.

A number of horses the property of the Duke of Portland have been struck out of all engagements during the present season and others until July 21. His remaining horses in training will be sold by auction during the Newmarket First Spring Meeting.

According to "Deutscher Sport" there were 57 horses left in for this year's German Derby, at Hamburg, on May 16. The declaration of the third (and last) forfeit, Freiherr S. A. von Oppenheim has seven left in the race, the Gräfinz Stud five, and the Herrn von Weinberg and Herr Haniel each four.

J. A. de Rothschild, the well known owner of racehorses, who has been for the past six months doing good work at the front as a dispatch bearer, was last night motor smash recently, with the unfortunate result that he fractured his pelvis, and is now in a hospital in Paris.

Fairy King, which had not been seen on a race course since he was beaten a head by Blue Stone in the Coronation Cup at Epsom last May, when he was badly cut about, made a successful reappearance in the Apprentices' Plate at Leicester April 1. Mr. Huxley, who is expected to appear to be quite alright again, and he won readily.

Reginald Jones died at his residence, the Cherry Tree Inn, Newmarket, on Saturday evening, March 27, after a long illness. Deceased, who was proprietor of the above hotel, was the jockey connected with R. Marsh's stable for many years, and a brother of H. Jones, the "King's Jockey."

The nine-year-old brown horse Wamba, by Ben Brush-Cap still is still racing usefully in England. At the Lincoln Meeting he won the Gauthy Selling Plate from five opponents on March 24, and at Nottingham, March 29 defeated seven good players when he won the Colwick Plate. Second to him in the Gauthy Plate was the American horse, Nankeen by Kingston-Dominion.

The Nottingham Spring Handicap enabled Fruitlands to make amends for his unlucky experience at Lincoln, where at the start for the first big handicap, he was practically left at the post when quoted at 50 to 1. For the Nottingham event Early Rose, Carancho and Colonel Bogey were preferred to the mount. Fruitlands, though in a desperate finish, Fruitlands won by a neck, with like narrow distance separating Carancho and Colonel Bogey.

Old Springbok, which once carried the colors of Colonel L. R. Birkin in the Grand National, and won the Grand Steeple Chase as far back as 1907, has been in the front, whence he has returned. He had done so well when out with bounds that he was presented to Mr. Leicester Stanhope, of the 14th Lancers, and carried his new owner through many brilliant charges, and behaved magnificently. He was, however, so badly shot at as to incapacitate him, and was sent home. He is now turned out and doing well.—London Sportsman.

Sam Darling, Jr., made a rare bargain when he gave 140 guineas for Mix Up at the December Sales. The American bred chestnut is back into his best form, as shown by his gallop with Simile. The Bathynary Plate winner, and his victory in the Bestwood Plate at Nottingham, March 20, the trial with Simile was not quite correctly reported, for though the chestnut finished ten lengths or so in front, it was not known that he had been allowed to jump away with a few lengths advantage.—London Sporting Life.

It has been found necessary to destroy the steeplechase, which broke down in the Grand National. The horse, which was brought back to the stables in the ambulance-van from the point where he met with the mishap in the race. His injuries were then found to be so serious that he had to be destroyed. Rallyhaekle, which won several good races in Ireland and England, was owned by an Irish owner, Mr. Keith F. Maccomson, and was trained by H. Usher at Whitebury. He started favorite for the Grand National won by Covertwater.

Non-naturalized trainers are not to receive a license this year in Germany, the Technical Commission of the Union Club having so decided. According to this ruling "Deutscher Sport" states that the following Hoppegarten trainers will not be granted licenses: F. C. Arnulf, M. Aylin, R. Johnson, F. Solloway, Alec, Percy and R. A. Waugh. In order to give owners of horses trained by the above every opportunity to find new trainers, the Commission has given permission for the non-naturalized trainers to superintend exercise of their strings on the Union Club's sand track until May 1.

FIRST WEEK OF ENGLISH FLAT RACING.

Considering the exceptionally strenuous times through which we are passing a few reflections on the general aspect of affairs arising out of the opening week of the racing season may be pardoned. Although not officially informed I may say without fear of contradiction that the receipts at Lincoln and Liverpool were down by comparison with former years, but not nearly to the extent that might have been expected. Large crowds assembled in the Carlisle to witness the race for the Lincolnshire handicap, and again at Aintree to see the still more attractive contest, with all its vicissitudes, for the Grand National, and as regards the sport itself, a good average was maintained at both meetings. Naturally many owners were absent, although their horses were running, but none the less the results showed that the policy of the stewards, supported by the Jockey Club, at the recent special meeting, to "carry on" the important national industry of racing was generally approved. Practical support was forthcoming from Lord Villiers and Lord Wolverton, two of the stewards, and other members whose colors were seen during the week were Lord Derby, Lord Durham, Lord Rosebery, Mr. Leopold de Rothschild, Mr. J. W. Larnach, Sir R. Jardine, Lord Penrhyn, Sir Samuel Scott, Ernest Cragg, Sir Ernest Cassel, Lord Zetland, Lord Suffolk, and Lord Londsdale—a goodly array of names.

To this strongly representative list may be added those of such representative owners—many of whom are also private breeders—as Col. Hail Walker, Lord Ellesmere, Sir H. Bailey, Capt. J. G. R. Honfray, Mr. W. H. Ewart, Mr. A. Christie, Mr. L. McCreery, Capt. Bewick, Col. E. Vaux, Lord St. Davids, the Duchess of Newcastle, Lady Torrington, Mr. F. Straker, Capt. Weyland, Mr. A. Lowry, Mr. W. Raphael, Mr. J. L. Dugdale, Mr. J. B. Thorneycroft, Mr. J. Masker, Mr. C. R. Ismay, Mr. C. J. Garland, Mr. A. M. Singer, Major Kincaid-Smith, Sir William and Lady Nelson, Mr. Mark Pitt, Mr. F. Gerton, Mr. J. Russell, Capt. F. Forester, Mr. F. Nelke, Mr. S. B. Joel, Mr. Kennedy-Jones, Mr. J. B. Leach, Mr. C. S. Gorburn, Sir William Cooke, Col. J. Rutherford, Mr. E. Paterson, Sir George Bullough, Sir Peter Walker, Mr. A. Whitworth, Mr. O. Rayner, Mr. A. F. Bassett, Sir Thomas Dewar, Capt. McAlmont, Mr. F. Bibby, Mr. H. Hartigan, who immediately after riding his own horse, Meridian, second in the Derby, for the Champion Steeplechase on Saturday, returned to the front—Mr. L. Booth, and Mr. R. Dalgleish. Lord Suffolk is serving with his regiment in India, and others of the above named, including Capt. McAlmont, are on active service. I have seen it stated that the running for the Grand National was not enlightening as regards next year's race, but am not inclined to fall in with that view. On the contrary, it struck me as being exceptionally so, and, better still, as pointing to the prospect of the younger horses, which came through the ordeal with more than usual credit. Particular reference is made to Ally Sloper, whose bold fencing, cleverness, and stout-hearted finish were conspicuous in a meritorious performance which showed great improvement on his poor display at Newbury a few days before. There was Balseaden, which was making his first essay at Liverpool, and but for one mishap—he fell while making the first circuit—must surely have won. A prominent feature of the race, being nearly a quarter of a mile behind at the water, while in further support of that argument we saw Jacobus, which was beaten out of sight in the home trial, finish second in the race. Father Confessor is another that must be marked as a likely winner, and perhaps there was a chance in the lot that will not be better served by time, for, perfectly as he was trained, he does not yet fill the eye as quite possessed of Grand National substance, although between the last two fences I would have taken his chance against any other. I do not imagine that Bachelors' Flight is destined to take Blue Riband honors, as, apart from his impetuosity, he behaved like a mad horse after falling, and it will be long before he forgets his experience. Lady Nelson's gift to the Soldiers' Fund out of the stake was one of the delightful features of a popular victory, and will doubtless commend itself to other fortunate owners of important winners. Sir Thomas Dewar may have made a good purchase in Hackney, Reg at 500 sovereigns, the contingency of 200 sovereigns in addition if she won the Grand National being now void.

Another gratifying feature at Liverpool was the resuscitation of Roseland, which, after a prolonged retirement, came out like a giant refreshed and to disposed of poor opposition for the Bickerstaffe Stakes. True, he had not much to do, but in spite of being backward he accomplished his task in fine style, and we may hope that he has surmounted the spirit trouble which prevented him from fulfilling his engagements last year after he had run away with the Newmarket July Stakes. Prior to that he had landed a good coup for Mr. Bassett, at the Craven Meeting, but it was at Ascot that he showed his best form, when, in seven pounds, he was beaten a neck by Lei Fly and was a head too good for Redfern. On that running he is as good as any of his contemporaries, not even excepting Priar Marces, which in the Middle Park Plate was three-quarters of a length better than the late Lord Cadogan's colt at even odds. It is good to see a horse of such promise as the son of William the Third restored to his best, and among his valuable engagements this year are the Easter Plate at Kempton, which appears to be at his mercy, and the Two Thousand Guineas. Mr. Osmond more correctly wrote Major, Persse, who has been busy during the greater part of the winter buying remounts for the Government, also trained the winner of the Knysna Plate in St. Gluvias, a three-year-old by Tredegar, bred and owned by Mr. A. Lowry, that had never previously run in public, and, curiously enough, beat another debutant in Squire Bruce, a son of St. Frusquin, by his breeder, Mr. T. E. Liddard, by Mr. Leopold de Rothschild. He showed some good races, for he has all the makings of a race horse, and will be well served by time. The colt is in the Derby, but not so St. Gluvias, nor for that matter is Patrick, which won the Union Jack Stakes, but as the gray was only seven pounds from Costello and was perhaps a little lucky score by a head, the omission may not be of much consequence.—"Vigilant" in London Sportsman.

BRANDYWINE began somewhat slowly, but moved up rapidly on the outside while rounding the far turn and, outgaming MARTIN CASCA in the stretch drive, won going away. The latter set a fast pace, but got into close quarters in the last sixteenth and, tiring, was eased up at the finish. EL MAHDI ran well and outstayed PALM LEAF for third place. The latter finished fast. ANCON ran poorly and seemingly could not improve his position. GOLDEN CASTLE ran a good half. The winner, entered for \$500, was bid up to \$805 and brought in.
